

**YOUR CHILD MUST MEET ALL REQUIREMENTS FOR THEIR CAR SEAT:** HEIGHT, AGE, WEIGHT AND DEVELOPMENT STATUS.

BIRTH      1      2      3      4      5      6      7      8      9      10      11      12      13+

### REAR FACING

**W: 4lbs - 50lbs    H: 17"- 49"**

Top of child's head is a min of 1 in below the top of the car seat or headrest, whichever is higher.

### FORWARD FACING

**W: 22lbs - 65lbs    H: 28"-49"**

### BOOSTER SEAT

**W: 40lbs - 120lbs    H: 38"-60"**

The top of their ears sit below the booster seat headrest or vehicle seat back. The seatbelt fits properly with the lap belt low and snug across the hips and upper thighs, with the shoulder belt stretching across the chest and centre of the shoulder.

### SEAT BELT

#### CHILD CAN SAFELY USE THE SEAT IF:

They can sit with their back/bottom all the way against the vehicle seat.

Their knees bend over the edge of the vehicle seat.  
Their feet are flat on the floor.

The vehicle seat belt fits correctly with the lap belt across the hips/upper thighs and shoulder belt is across the shoulder.
